## Las Vegas Weather

Autumn is a wonderful time of the year to experience Las Vegas. Daytime high temperatures tend to average between 73 degrees and 77 degrees F at the end of October. Packing a lightweight jacket is usually a good idea for cool nights in the desert in the autumn season. While many resorts have year-round outdoor pools, some pools in Las Vegas may not be open at the end of October. Contact your hotel directly to determine whether your hotel pool will be open during the 2022 U.S. Hockey Hall of Fame Game weekend. Circa’s Stadium Swim is the only heated pool in Las Vegas open year-round. If you are not a hotel guest, there is a fee to get in. Visit: [circal-asvegas.com/stadium-swim](http://circal-asvegas.com/stadium-swim).

The temperature inside T-Mobile Arena for a hockey game is approximately 65 degrees, but may differ depending on your proximity to the ice surface. We strongly suggest wearing appropriate layers and/or bringing a jacket to the game.
